Matt,

Robin, who drafted the bill, is out of the office so I will be drafting your amendment requests below. Would you like each point drafted as a separate amendment or would you like them all incorporated into one amendment?

Subject: Amendments to AB 878

To Whom It May Concern:

Could you please draft the following as amendments to AB 878? We apologize for the short notice, but we will be holding an executive session on this bill Wednesday morning and in order to comply with the 24 hour rule imposed by the Chairman we would need these completed by tomorrow at 10pm. Thanks for your assistance and understanding. Please feel free to contact me if I can be of any assistance.

1. **Under paragraph (e), lines 8-12 on page 4, insert the following language: "Must disclose which organizations has received funds dispensed by the oversight organization, how much and what the money was used for."** We want to require the "oversight organization" to have to provide information on who received money, how much and what was the money used for.
2. **Sunset the funding provided by OCI or Wisconsin to the oversight organization 2 years from July 2010 (the enactment of this legislation).**
3. **After 16 months insert' and every year thereafter the initial report"**. As it is currently written, the oversight organization only has to submit one report and nothing thereafter. To ensure accountability, we would like them to be required to submit a report every year thereafter the initial report 16 months after the effective date.
4. **Change the definition of Health care benefits on line 12 page 3 to say: government health care services, coverage of expenses for government health care services or both.** The point is having these groups provide services as it relates to government programs and services (example Medicaid) and not private health insurance. We don't want these groups providing services or information on private sector insurance.

5. **On page 7 line 4 after shall insert “prior to the receiving of funds”.** The intent would be to ensure that they have the capital required prior to receiving money from the oversight organization.
6. **Provide OCI or DHS with the authority to with hold funding to the oversight organization.**

Subject: LRB 09a1943/1

Tami,

I have been discussing the amendment LRB 09a1943/a with some people and they have raised the concern that by changing the definition on page 3, line 13 we may be changing the definition of Health care benefits in the statute. It has been recommended that we look at the language below. Thoughts? As always, thank you very much for your help and patience.

~Matt

Our suggestion would be to:

- Delete on Page 3, lines 10 thru 17, as all of these definitions relate to private sector health insurance programs, administrators, etc.
- On Page 4, lines 6 and 7, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 4, line 16, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 4, line 17, remove "for health care benefits", after the word "eligibility".
- On Page 4, line 18, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 4, line 19, remove "a health care plan, group health plan, or" after the word "under"
- On Page 4, line 23, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 4, line 25, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 5, line 1, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 5, line 2, remove "health care" after "maximize"
- On Page 5, line 8, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 5, line 14 and 15, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 6, line 1 and 2, remove health care benefits and replace with Public Health Care Benefits Programs
- On Page 6, delete lines 23, 24 and 25
- On Page 7, delete lines 1 and 2

There may be an easier amendment to accomplish the same thing but wanted you to see the goal of what we were trying to accomplish.
