- 1 **AN ACT** *to create* 301.46 (2m) (ap) of the statutes; **relating to:** notification of law
2 enforcement when certain sex offenders change residential addresses.

Analysis by the Legislative Reference Bureau

Under current law, a person must register with the Department of Corrections (DOC) as a sex offender if he or she has been convicted of certain sex offenses, found not guilty of certain sex offenses by reason of mental disease or defect, or adjudicated delinquent on the basis of certain sex offenses. The sex offender registry contains specific information about a person required to register (registrant), such as the registrant's name, appearance, offense, address, and place of employment and any school in which the registrant is enrolled. When a registrant is released DOC or the Department of Health Services (DHS), whichever agency has authority over the registrant, may notify the police chief of the community, and the sheriff of the county, in which the registrant will be residing, employed, or attending school if the person has been convicted, or found not guilty by reason of mental defect or disease, of a sex offense only one time and must notify the police chief of the community, and the sheriff of the county, in which the registrant will be residing, employed, or attending school or through which the registrant will be traveling if the person has been convicted, or found not guilty by reason of mental disease or defect, of a sex offense or if the person has been found to be a sexually violent person. The notification must include the registrant's residential address. This bill requires DOC or DHS, if the agency provided notice, to notify the same persons if the registrant moves.
