

DOA:.....Kraus, BAB - Zone Tax Credit Consolidation

FOR 2009-11 BUDGET -- NOT READY FOR INTRODUCTION

1 **AN ACT ...; relating to:** the budget.

Analysis by the Legislative Reference Bureau
COMMERCE AND ECONOMIC DEVELOPMENT
ECONOMIC DEVELOPMENT

Consolidation of economic development zone programs

Under current law, the Department of Commerce (Commerce) may designate a portion of the state as a development zone, a development opportunity zone, an enterprise development zone, an agricultural development zone, an enterprise zone, an airport development zone, or a technology zone. Commerce may also certify persons who agree to undertake certain eligible activities in one of the designated zones. Eligible activities include job creation, environmental remediation, and capital investment. Persons who obtain certification are then eligible for tax benefits.

This bill consolidates the development zones, enterprise development zones, agricultural development zones, technology zones, and airport development zones (five development zone programs) into a program that provides tax benefits to persons who enter into a contract with Commerce to undertake eligible activities anywhere in the state. Eligible activities under the bill include all of the following:

1. Job creation projects that result in the creation and maintenance of jobs paying wages and providing benefits at a level approved by Commerce.
2. Projects that involve a significant investment of capital, as defined by Commerce by rule, by the person in new equipment, machinery, real property, or depreciable personal property.

3. Projects that involve significant investments in the training or reeducation of employees, as defined by Commerce by rule, for the purpose of improving the productivity or competitiveness of the business of the person.

4. Projects that will result in the location or retention of a person's corporate headquarters in Wisconsin or that will result in the retention of employees if the person's corporate headquarters are located in Wisconsin.

Commerce may allocate tax benefits under the consolidated program up to the total amount remaining to be allocated under the five development zone programs on the effective date of this bill. Tax benefits are allocated under the bill only after the person has verified to Commerce that the person has met the performance obligations established under the contract.

The value of tax benefits for which a person is eligible under the new tax credit program depends on the number of jobs created by the person, the amount of the capital investment made by the person, the amount of training or reeducation provided to the employees of a person, or the number of jobs retained by the person having its corporate headquarters located in Wisconsin.

Under the bill, Commerce may award additional tax benefits to a person that conducts eligible activities in an economically distressed area or if the eligible activities benefit members of a targeted group. Commerce is required by the bill to develop a methodology for designating an area as an "economically distressed area." The bill defines "member of a targeted group" as a person who resides in an area designated by the federal government as an economic revitalization area, a person who is employed in an unsubsidized job but meets certain eligibility requirements for a Wisconsin Works employment position, a person who is employed in a trial job or in a real work real pay project position, a person who is eligible for child care assistance, a person who is a vocational rehabilitation referral, an economically disadvantaged youth, an economically disadvantaged veteran, a supplemental security income recipient, a general assistance recipient, an economically disadvantaged ex-convict, a dislocated worker, as defined under federal law, or a food stamp recipient, if the person has been certified by a designated local agency.

Audit by the Legislative Audit Bureau

The bill requires the Legislative Audit Bureau to prepare a financial and program evaluation audit of the consolidated economic development tax benefit program created by the bill no later than July 1, 2012.
