criteria is that the individual's family income may not exceed 185 percent of the poverty line. If an individual is already receiving a child care subsidy, however, their family income may be as high as 200 percent of the poverty line before they lose eligibility. This bill increases those maximum family income levels to 210 percent of poverty for an individual who is first applying for a child care subsidy and to 225 percent of poverty for an individual who is already receiving a subsidy.

Technical college grants for manufacturing skills training

This bill directs the Wisconsin Technical College System Board to award to technical college district boards at least \$5,000,000 annually in incentive grants for training in advanced manufacturing skills, with priority given to welding.

Airport development and technology zones tax credits

Under current law, the total amount of income and franchise tax credits that taxpayers may claim for conducting business in all airport development zones, for all taxable years, is \$9,000,000. Under current law, the total amount of income and franchise tax credits that taxpayers may claim for conducting business in a technology zone is \$5,000,000.

Under this bill, the Department of Commerce may allocate the amount of unallocated airport development zone tax credits to technology zones for which the \$5,000,000 maximum allocation is insufficient, except that the total amount allocated from the airport development zone program to all technology zones may not exceed \$6,000,000.

Fiscal changes

Under current law, the biennial budget act (2007 Wisconsin Act 20) requires the secretary of administration to lapse or transfer \$200,000,000 to the general fund from certain appropriations to executive branch state agencies in the 2007–09 fiscal biennium and another \$200,000,000 in the 2009–11 fiscal biennium.

This bill decreases the amount of this required lapse or transfer under Act 20 to \$175,000,000 in the 2007–09 fiscal biennium and \$150,000,000 in the 2009–11 fiscal biennium. The bill also prohibits the secretary of administration from lapsing or transferring more than a total of \$25,000,000 in fiscal year 2007–08 from Department of Transportation (DOT) appropriations; lapsing or transferring any amount in fiscal year 2007–08 from any DOT appropriation except for the state funds appropriation for the major highway projects program, and lapsing or transferring any amount in fiscal year 2008–09, 2009–10, or 2010–11 from any DOT appropriation. The bill also includes a mechanism for reversing any lapse or transfer that occurs before the bill's effective date which would be prohibited if it had occurred after the bill's effective date.

The bill requires the secretary of administration to transfer \$75,000,000 from the general fund to the transportation fund in fiscal year 2008–09 and \$25,000,000 in each year thereafter. The bill also changes DOT's state funds appropriation for the major highway projects program by decreasing the appropriation by \$20,000,000 in fiscal year 2007–08 and increasing the appropriation by \$55,000,000 in fiscal year 2008–09. The bill increases DOT's state funds appropriation for the state highway rehabilitation program by \$20,000,000 in each year of the 2007–09 fiscal biennium. The bill also requires the secretary of administration and DOT to estimate additional

used by them in real property construction activities and the sales and use tax applies to the sale of tangible personal property to them. A contractor engaged primarily in real property construction activities may use resale certificates only with respect to purchases of property which the contractor has sound reason to believe the contractor will sell to customers for whom the contractor will not perform real property construction activities involving the use of such property. In this subsection, "real property construction activities" means activities that occur at a site where tangible personal property that is applied or adapted to the use or purpose to which real property is devoted is affixed to that real property, if the intent of the person who affixes that property is to make a permanent accession to the real property tangible personal property that remains tangible personal property after it is affixed.
