Good morning.

Sorry, with an amendment that has already been processed, there isn't really anything I can do. My suggestion is that when we would get to the amendment on the floor, Rep. Honadel would ask to have the amendment returned to the author. He would have to submit a new amendment with the corrections for consideration but it wouldn't take the place of the old amendment. Right now we are looking at amendment number 10 to the joint finance sub amendment. If you have any other questions, please feel free to contact me. Thank you.

Yes. It is.

We assumed that anything we had already received was correct.

Can an introduced amendment be fixed? Can you talk to Kay and ask her to hold on it until you do a correction?

Denise:

We've been reading the Wheeler Report.

Do you know if the Learn Fare amendment that Honadel is using is the Learn Fare Pam did for your office? After it left our office, Pam noticed a few things that should have been changed. But then she didn't fix them before it was not on your pared-down list of amendments.

Sorry about that, but if Honadel is using that amendment, we would like to fix it.
