Rep. Black:

In the second item in this amendment, I have attempted to capture what would be a knowing violation of sub. (3), by providing that it is only a violation if the person selling the fertilizer knows that the purchaser intends to violate the restrictions on use included in sub. (1)(a) and (b).

An alternative might be to provide that there is no penalty for a violation of sub. (3).

I drafted this as a preliminary draft to make any redrafting easier (no need to return stripes). If you do not want any changes, please let me know and I will change the draft to a /1. Also, please let me know if you have any questions.
