

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBs0094/1dn
MDK:jld:jf

July 29, 2009

Sen. Plale:

This substitute amendment is identical to ASA 1 to AB-256, except for the following:

1. The substitute amendment incorporates the LRB correction to ASA 1 to AB-256, which deletes the definition for the unused term "municipality" in proposed s. 66.0401.
2. In proposed s. 66.0401 (4) (f) 2., instead of referring to the undefined term "large wind energy system," I added a sentence specifying that proposed s. 66.0401 (4) (f) 2. applies to a wind energy system that has a nominal capacity of one megawatt or more.
