

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRBa1168/1dn
RPN:jld:rs

November 19, 2009

The definition of “health care provider” is amended to fit what was originally in the bill, with the addition of podiatrists. The current language uses “health care provider” without any definition, and apparently they are a number of different definitions in the statutes for that term.
