Waylon, This is fine. I'll enter the request. A couple of things I'll need to know:

1. Can you tell me briefly who he was or what he did? The statutes usually give a very brief (from a few words to a sentence) description of why the person is being honored.
2. Do you want the marker to be paid by DOT or paid from private/local donations (i.e. no state funding to pay for the marker)?

Thanks. Aaron

Hello Aaron,

I am not sure if this is how we do this or if we can do this, but I will request it anyway and see what you think. We want to name the bridge in Peshtigo, Wisconsin that crosses the Peshtigo River on U.S. Hwy 41 the Steven Drees Memorial Bridge.

Can we do this and if so can we get the bill drafted up? If not, do you know how other legislators do

this?

Please review the attached draft carefully to ensure that it is consistent with your intent.

DOT may be restricted in whether it can place the markers required by this bill on the bridge itself. I believe that the bill provides DOT latitude in where it places the markers, whether on the bridge or along the highway near the bridge. You may wish to have DOT review the bill to advise on this issue.

Please let me know if you would like any changes made to the attached draft or if you have any questions. If the attached draft meets with your approval, let me know and I will convert it to an introducible "1" draft.
