

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBa0792/1dn
MGG:jld:rs

September 30, 2009

1. I added some words in the last sentence in s. 145.14 (2) (a). Otherwise, it is ambiguous as to whether the phrase “outside the foundation wall of the building” modifies just reclaimed water systems or also water services and stormwater use systems.
2. Regarding s. 145.14 (2) (a), please note that, although the phrase “water service piping” currently appears in ss. 145.01 (10) (c), 145.06 (4) (c) and (f), and 145.07 (10) and (11), the plain term “water service” does not appear anywhere else in ch. 145.
