**Subject:** RE: Barca Text Messaging

Eric,

I continue to apologize for the need for small tweaks, but we think we need just one more. But we will need this today for the floor.

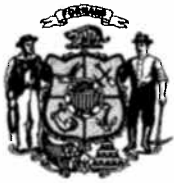

Rather than the request I made on Friday, we would like to make this change only:

Also to insert #4 in section 346.89 (3) (b)

"4. The use of a voice-operated or hands-free device that is integrated into the electrical system of a vehicle without the use of either hand except to activate or deactivate a feature or function."
