

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-2138/P1dn
ARG:jld:jf

May 4, 2009

ATTN: Steven Kulig and Nicole Hudzinski

Please review the attached draft carefully to ensure that it is consistent with your intent.

As requested, the attached draft specifies certain elements of the plate design. Typically DOT objects to plate design elements being specified by statute.

I have assumed that Harley-Davidson, Inc., holds the trademark rights to the pertinent logo. If this assumption is incorrect, please let me know.

The instructions specified the purposes for which plate proceeds may be used. I cannot cross-reference DOT rules in statutory language because DOT can change the rule number at any time. Instead, I have attempted to describe the purpose as provided in the applicable rule. I also note that Wis.Adm.Code Trans 129 was promulgated under authority of various statutes, not just s. 85.30. You may wish to double check with DOT that the specific purposes identified in the drafting instructions and included in this draft are actually components of the safety program under s. 85.30.

Please let me know if you would like any changes made to the attached draft or if you have any questions. If the attached draft meets with your approval, let me know and I will convert it to an introducible "/1" draft.
