

**DRAFTER'S NOTE  
FROM THE  
LEGISLATIVE REFERENCE BUREAU**

LRB-4392/1dn  
CTS:bjk:rs

February 25, 2010

Representative Sinicki:

Please review this draft carefully to ensure it is consistent with your intent. Note that I have not revised the liability exemption language in the previous version as the exemption, by its terms, applies only to injuries “caused by the inclusion of denatonium benzoate in the engine coolant or antifreeze.” Consistent with your instructions, this language does not limit liability for injuries unrelated to the addition of bittering agents.

Feel free to contact me if you have any questions.
