

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-3729/1dn
RNK:jld:md

November 2, 2009

This draft requires the Department of Commerce (Commerce) to promulgate rules establishing safety standards for movable soccer goals and prohibits a person from erecting a movable soccer goal unless the goal is erected in compliance with those rules. I have included a delayed effective date provision in the draft to give Commerce time to promulgate rules before the prohibition against erecting noncompliant soccer goals takes effect. Is that provision O.K.?

Please feel free to contact me if you have any questions with regard to this draft.
