<b>Description</b> Food processing plant and food warehouse investment tax credit, requiring the exercise of rule-making authority, and making an appropriation		

**Assumptions Used in Arriving at Fiscal Estimate**

This bill creates the Food Processing Plant and Food Warehouse Investment Tax Credit program. It does not limit the number of businesses that the department may designate, but it does limit the amount of tax credits that the department may allocate to businesses to \$600,000 in FY10 and \$700,000 in fiscal years thereafter. The department's responsibilities are as follows:

1. Certify taxpayers to claim tax benefits and allocate to each business the amount of tax credits it may claim. The department shall notify the Department of Revenue of all persons that it certifies and of the amount of tax credits it allocates to each person.
2. Verify claims for tax credits. To do this, the department must certify as eligible expenditures of each certified business. Eligible expenditures include expenditures for equipment that is used exclusively to harvest or process woody biomass that is used as fuel or as a component of fuel.

The department will require one position to administer and write rules for this program. The costs of this position will be as follows.

Salary \$44,900  
Fringe \$20,500  
Supplies \$ 8,000
