Description Exempting from the state minimum wage law an individual engaged on a seasonal basis in performing services for a ski resort that are directly related to skiing					

Assumptions Used in Arriving at Fiscal Estimate

This bill exempts from the state minimum wage law an individual engaged on a seasonal basis in performing services for a ski resort that are directly related to skiing.

The cost to this department in terms of an expected increase in case load will be minimal. The department anticipates individuals who are exempted from minimum wage under this law, but believe they are covered, may file up to 25 complaints in the initial year after the passage of this bill. These complaints will be processed as wage claims under ss. 109.09 of the statutes. The department anticipates it can absorb this additional work within the current budget authority. A one-time cost of approximately \$2,000 is estimated for the reprinting of informational materials.

Long-Range Fiscal Implications

No long range fiscal implications for the department in terms of case load.
