

## Fiscal Estimate Narratives

DNR 2/2/2009

LRB Number	<b>09-0185/2</b>	Introduction Number	<b>SB-012</b>	Estimate Type	<b>Original</b>
<b>Description</b> The operation of motorboats, other than personal watercraft, at slow-no-wake speed within a given distance of the shoreline of a lake					

### Assumptions Used in Arriving at Fiscal Estimate

#### Bill Summary:

This bill will require motorboats to be operated at slow-no-wake when within 100 feet of the shoreline of any lake. This does not change the current law for personal watercraft, where the slow-no-wake restriction is out to 200 feet. The bill also allows a local unit of government to enact an ordinance that exempts motorboats from this 100 foot restriction.

#### Fiscal Estimate:

The only fiscal impact will be the need for the department to inform the public of this bill if passed. The department currently produces and distributes educational materials and public service announcements (PSA) throughout Wisconsin and this would be a topic of that effort. The state boating regulation pamphlet will need to be updated and reprinted if passed.

The law enforcement workload can be addressed through normal boat patrol activities.

Local units of governments would incur some costs if they choose to enact an ordinance to exempt them from the restriction in the bill.

### Long-Range Fiscal Implications
