September 2, 2009

To the Honorable, the Assembly:

As required by s. 39.15, Wis. Stats., we have completed a limited-scope review of the medical education contract between the State of Wisconsin and the Medical College of Wisconsin, Inc., for fiscal year (FY) 2006-07 and FY 2007-08, and of other financial support provided by the State under s. 20.250 Wis. Stats. The State appropriated \$4.1 million in general purpose revenue to the Medical College for tuition aid for this period. In addition, the State provided approximately \$6.7 million in general purpose revenue for the development and operation of the Medical College's family practice residency program, the Medical College received \$294,876 in funding for breast cancer and prostate cancer

research through the income tax check-off program, and the State made \$1.9 million in debt service payments related to general obligation bonds that it issued to fund certain construction projects at the Medical College.

Overall, we found that the Medical College was in compliance with its contract with the State and with requirements set forth in ss. 39.15 and 39.155, Wis. Stats. During our review, we found the students claimed for tuition aid were certified by the Higher Educational Aids Board as Wisconsin residents and were eligible to receive this aid. In addition, the Medical College targeted between 35 and 50 percent of first-year class openings for Wisconsin residents, promoted minority

enrollment, and expended funds provided by the State in a manner consistent with legislative intent. Finally, the State's debt service payments agreed with the bond repayment schedules maintained by the Wisconsin Department of Administration for the applicable Medical College construction projects.

We appreciate the courtesy and cooperation extended to us by staff of the Medical College of Wisconsin during this review.

Sincerely,
JANICE MUELLER
State Auditor
