Gun owners don't trust President Obama

President Obama has said:

"I believe in the Second Amendment...

I will not take your shotgun away.

I will not take your rifle away.

I won't take your handgun away...

I am not going to take your guns away."

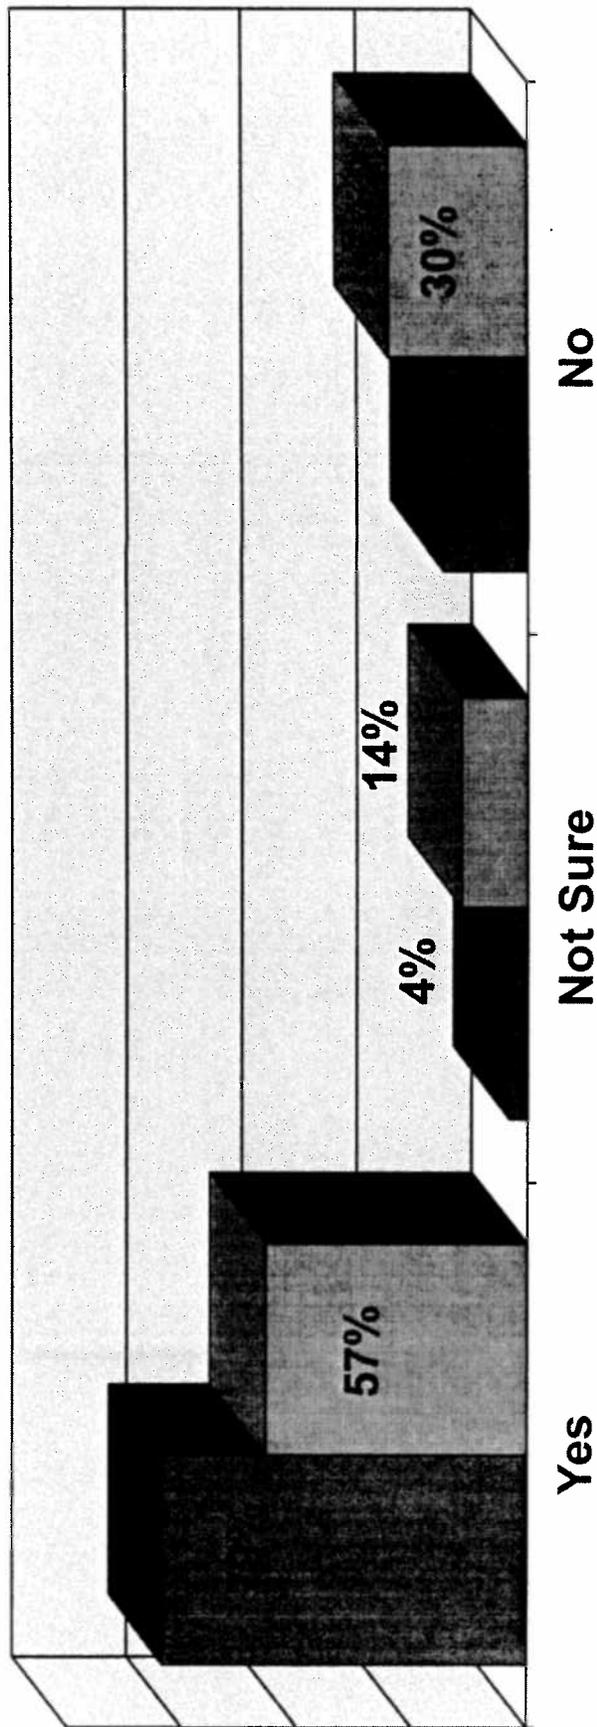

- September, 2008

But gun owners are not convinced.

Clear concern about President Obama's gun policy

*Do you think President Obama will attempt to ban the sales of guns
in the United States at some point while he is president?*

"Gun owners and NRA members don't trust President Obama on guns. Whatever the Obama Administration's communications strategy on guns is—it appears to be failing. The President should be telling Americans what he believes and what he doesn't." —Dr. Frank Luntz
