Dear Legislator,

I regret that I cannot be in Madison today to testify before the Senate Natural Resources Committee in support of SB 113, the bill to restore an Independent DNR Secretary. I hope you will consider this written letter in place of my testimony.

Since 1995, when the Secretary of the Department of Natural Resources became a political appointee of the Governor, serious concerns have surfaced questioning the integrity of natural resource decision-making. I believe these concerns are well-founded, and Wisconsin's natural resources have suffered as a result.

Politics plays a role in nearly everything these days. But it should not-must not-play a role in the way we protect Wisconsin's natural resources. Let science determine which wetlands to protect, which lakes to stock, and how to manage deer herds. Politics has no place in my deer stand or at my favorite fishing hole.

I urge you to pass a bill to restore the Independent DNR Secretary and bring integrity back to natural resource decision-making. Please support SB 113.

Sincerely,

Rebecca Derenne
817 N Chestnut Ave
Green Bay, WI 54303-3431

Dear Legislator,

I regret that I cannot be in Madison today to testify before the Senate Natural Resources Committee in support of SB 113, the bill to restore an Independent DNR Secretary. I hope you will consider this written letter in place of my testimony.

Dear Legislator,

I regret that I cannot be in Madison today to testify before the Senate Natural Resources Committee in support of SB 113, the bill to restore an Independent DNR Secretary. I hope you will consider this written letter in place of my testimony.

Since 1995, when the Secretary of the Department of Natural Resources became a political appointee of the Governor, serious concerns have surfaced questioning the integrity of natural resource decision-making. I believe these concerns are well-founded, and Wisconsin's natural resources have suffered as a result.

Politics plays a role in nearly everything these days. But it should not-must not-play a role in the way we protect Wisconsin's natural resources. Let science determine which wetlands to protect, which lakes to stock, and how to manage deer herds. Politics has no place in my deer stand or at my favorite fishing hole.

I urge you to pass a bill to restore the Independent DNR Secretary and bring integrity back to natural resource decision-making. Please support SB 113.

Sincerely,

Ralph Knuth
