***Analysis by the Legislative Reference Bureau***

Subject to a number of limitations, current law requires a city, village, or town (municipality) that pays health insurance premiums for its employees who are fire fighters to pay such premiums for the surviving spouse and dependent children of a fire fighter who dies, or has died, in the line of duty. This general current law requirement does not apply to a surviving spouse who remarries or reaches the age of 65, or to a dependent child who reaches the age of 18 and is not a full-time high school student. Current law does require premium payments to be made for a

dependent child who is a full-time or part-time student in an accredited college or university until the close of the calendar year in which the individual reaches the age of 27.

This substitute amendment requires a municipality or county (political subdivision) that pays health insurance premiums for its employees who are law enforcement officers to pay such premiums for the surviving spouse and dependent children of a law enforcement officer who dies, or has died, in the line of duty. In addition, the substitute amendment requires the state to reimburse political subdivisions for premiums paid to cover the surviving spouses and dependents of fallen fire fighters and law enforcement officers that were paid by the political subdivisions and that were not otherwise required to be paid under an employment-related benefit provided to the fire fighter or law enforcement officer. The substitute amendment establishes a process whereby political subdivisions may seek reimbursement of the payment of premiums from the Department of Administration (DOA).

The substitute amendment also requires the state to pay health insurance premiums for the surviving spouse and dependent children of a law enforcement officer who was employed by the state and who dies, or has died, in the line of duty. The state is to pay these health insurance premiums only after any sick leave credits that may be used for the purchase of health insurance have been exhausted.

The substitute amendment further requires DOA to establish a loan program for surviving spouses of law enforcement officers and fire fighters who have died in the line of duty. The loan program must provide for the payment of a loan to a surviving spouse in an amount equal to the salary that would have been paid his or her deceased spouse had he or she not died in the line of duty. The loan must be disbursed to coincide with the pay period that applied to the deceased spouse, must be secured by the proceeds of any life insurance policy that covered the deceased spouse, and come due when a surviving spouse receives the proceeds from the life insurance policy that covered his or her deceased spouse. No loan may be made for any period after the proceeds of a life insurance policy have been disbursed to the surviving spouse. To qualify for a loan, a surviving spouse must apply for the loan on a form prepared by DOA; provide all documentation required by DOA to verify that his or her spouse died in the line of duty; provide all documentation required by DOA to verify the salary of the deceased spouse; and enter into an agreement with DOA that any loan must be secured by the proceeds of a life insurance policy that covered his or her deceased spouse.

Under the substitute amendment, the amounts that DOA disburses for premiums, reimbursements, and loans for surviving spouses of law enforcement officers and fire fighters employed by a political subdivision are paid from the county and municipal aid account (shared revenue), and the total amount of shared revenue payments is decreased by the amounts disbursed by DOA.

The substitute amendment first applies, retroactively, to a law enforcement officer or fire fighter who has died in the line of duty before the effective date of the

substitute amendment, but only with respect to the payment of health insurance premiums that come due on or after the effective date of this substitute amendment.
