Hey Marc. Just to confirm our conversation regarding a bill draft relating to Cities of the 1st Class and residency requirements for Police & Fire. As I mentioned I believe that Representative Kramer would like an Assembly companion drafted as well. Cameron can shoot you a response so everything is official.

As always, I totally appreciate the help given how busy you are.

If you have any questions give me a holler.

Hey Marc, deano here. I just spoke with Senator Fitz's office about this Bill draft. Would it be possible for you to just jacket it right away and shoot it over to me?

Leah, Senator Wanggaard and Representative Kramer would like to introduce it as soon as possible. ☺

Thank you so much for the help, I apologize for the rush.

- 1 AN ACT ...; relating to: placing limits on residency requirements for 1st class city
- 2 police officers and fire fighters ✓

Analysis by the Legislative Reference Bureau

Under current law, a 1st class city (presently only Milwaukee) is required to have a civil service commission which is required to make rules to carry out the purposes specified in state statutes. One of the statutes requires that the city provide competitive examinations to test applicants for employment as to their practical fitness to perform the duties of the position for which they have applied. The examinations must be public and free, and may contain proper limitations in areas including residence, age and health.

Under this bill, if a 1st class city has residency requirements for its employees who are police officers or fire fighters, the residency requirement must at least allow such individuals to live in the 1st class city and in any county that is adjacent to the county in which the city is located.

For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
