### ***Analysis by the Legislative Reference Bureau***

Under current law, in every odd-numbered year, each officer of a municipality and county must provide a report to the county treasurer listing all persons for whom the officer holds money or security which has not been claimed for at least one year. The treasurer must then publish a legal notice in a newspaper or other publication once a week for three consecutive weeks (class 3 notice) containing the names and last-known addresses of the owners of unclaimed money or security with a value of at least \$10. If the money or security is not claimed within six months, the treasurer takes possession of the money or security and deposits it in the county's general fund. If the money is not claimed within ten years, the money or property becomes the property of the county.

Also under current law, in every odd-numbered year, the circuit court clerk must provide a report to the county treasurer listing all money, securities, or funds in the clerk's possession for which no proceedings in the case have occurred for four or more years. One year after providing the report, the clerk must then turn over any remaining unclaimed funds to the county treasurer. After receiving the funds, the treasurer must publish a class 3 notice of the fact that he or she is in possession of the unclaimed funds. If no legal claim is made within 90 days of the last publication, the treasurer deposits the money in the county's general fund.

**SENATE BILL 37**

Under this bill, the county treasurer may choose to post on the county's Web site, instead of or in addition to the publication of a class 3 notice, the notice of unclaimed case-related funds received from the circuit court clerk. Also under this bill, the county treasurer may choose to post on the county's Web site and make a copy available at the treasurer's office the notice containing the names and last-known addresses of the owners of unclaimed money or security with a value of at least \$10, instead of or in addition to the publication of a class 3 notice. If the treasurer elects not to provide the class 3 notice, he or she is required to publish a class 3 notice stating that the full notice containing the names and last-known addresses of the owners of the unclaimed money or security that has a value of at least \$10 is available on the county's Web site and at the treasurer's office.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.
