2011 BILL

1 **AN ACT to amend** 62.13 (2s) (a); and **to create** 59.28 (3), 60.55 (1) (c), 60.56 (1)  
2 (c), 61.65 (9), 62.13 (2s) (e), 62.13 (11m) and 62.50 (4m) of the statutes; **relating**  
3 **to:** provision of police or fire protection services by a county sheriff or  
4 municipality.

---

***Analysis by the Legislative Reference Bureau***

Under current law, cities, villages, and towns (municipalities) and county sheriffs are subject to varying requirements regarding the provision of police and fire protection services. They are as follows:

1. A town board must provide fire protection services for the town and may provide law enforcement services for the town or any portion of the town.
2. A village with a population of 5,500 or more must provide fire protection services for the village. A village with a population of 5,000 or more must provide police protection services for the village and a village with a population of less than 5,000 may provide police protection services.
3. A city must provide police and fire protection services for the city.
4. A county sheriff must provide law enforcement services for the county.

Also under current law, a city or village may, subject to certain requirements, abolish its police department and contract with the county for the county sheriff to provide police protection services for the city or village.

Under this bill, a municipality may not condition the provision of fire or police protection services and a sheriff may not condition the provision of law enforcement services on a person's payment of a fee, charge, or tax. Also, a contract between a city

**BILL**

or village and a county for the county sheriff to provide law enforcement services for the city or village must require that the county sheriff not condition the provision of police protection services in the city or village on a person's payment of a fee, charge, or tax.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.
