| Description |           |                     |        |               |          |

Restoring the right to vote to certain persons barred from voting as a result of a felony conviction, changing the information required on voter registration forms, and changing voting procedure for certain persons who are convicted of felonies

## **Assumptions Used in Arriving at Fiscal Estimate**

This bill allows felons to vote unless the felon is physically in jail or prison. This bill requires the Department to mail a notification to all persons on parole, extended supervision, or probation that their voting rights have been restored, and requires the Department to train its staff about the change. In addition, this bill eliminates the requirement that DOC provide a list of convicted felons to election officials.

The one-time notification to these offenders would result in a cost of approximately \$33,800 (67,691 offenders on probation, parole, or extended supervision as of June 30th, 2011). Training costs will be negligible. Pre-service and agent basic training, continuing eduction, and written policies will inform staff about the changes. Cost reductions from DOC no longer providing the reports to election officials will be minimal (perhaps less than \$10,000).

**Long-Range Fiscal Implications**
