November 30, 2010

Kevin,

Please review this draft to ensure that it is consistent with your intent. This draft compiles LRB 11-0368, -0369, -0370, -0371, and -0372. Please note that the reference to the *Thomas v. Mallett* case has been added to this draft's analysis.

Please review the initial applicability and effective date provisions of this draft. Some of the compiled drafts first applied to actions commenced or continued on the effective date of the act, while others first applied to causes of action that occur on the effective date. I chose to make the entire bill first applicable, in this draft, to actions commenced or continued on the effective date of the act. Please let me know if you want that changed.

On a similar note, one of the compiled drafts took effect on the first day of the second month beginning after publication, one on the first day of the fourth month beginning after publication, and three took effect immediately. I chose to make the entire bill effective on the first day of the second month beginning after publication; please let me know if you want that changed.

As always, please do not hesitate to contact me or Tracy Kuczenski if you have any questions or would like to discuss this draft further.
