**From:** Konopacki, Larry  
**Sent:** Thursday, January 27, 2011 2:58 PM  
**To:** Gibson-Glass, Mary  
**Cc:** Bier, Beth  
**Subject:** Amendment to SS SB10

Hi Mary, Beth in Senator Miller's office asked me to forward this amendment request on behalf of Sen. Miller's office"

Please prepare a simple amendment to Special Session Senate Bill 10 to do all of the following:

- on page 3, line 10, replace "less than 3 acres" with "no more than 1.65 acres"
- delete the portion of the bill from page 3, line 14 to page 4, line 3, and replace with the following requirements:
  - The site of the activity is located in the NW 1/4 of Section 33, Township 24 North, Range 20 East, Village of Ashwaubenon, Brown County.
  - The footprint of the activity was the subject of a Notice of Water Quality Certification letter issued by the department of natural resources, Docket # IP-NE-2010-5-01621, dated July 15, 2010.
  - The person who will engage in the activity shall have provided wetland mitigation at the ratio of at least 1.5 acres of wetland for each acre of wetland affected by the activity. Evidence of the mitigation can be provided by a written affidavit demonstrating a purchase of credits from any of the wetland mitigation banks that are located in the state and that are approved by the department of natural resources or by an alternative mitigation project approved by the department of natural resources.

Thanks Mary, and please call if you have any questions.
