Analysis by the Legislative Reference Bureau

Current law prohibits the manufacture, distribution, delivery, or possession of substances included in the schedule of controlled substances. Current law categorizes substances into five schedules, depending on the nature of the substance. Schedule I substances are those that have a high potential for abuse, have no currently accepted medical use, and are not accepted as safe for use in treatment under medical supervision.

This bill identifies several nonnarcotic, hallucinogenic substances that are commonly known as “synthetic cannabinoids” and classifies those substances as Schedule I controlled substances. The bill also identifies two stimulant substances and classifies those as Schedule I controlled substances.

Under the bill, a person who possesses a synthetic cannabinoid may, for a first offense, be fined up to \$1,000, imprisoned for up to six months, or both. For a second or subsequent offense, the person is guilty of a Class I felony and may be fined up to

SENATE BILL 54

\$10,000, imprisoned for up to three years and six months, or both. A person who manufactures, distributes, or delivers a synthetic cannabinoid, or who possesses a synthetic cannabinoid with the intent to manufacture, distribute, or deliver it, is guilty of a Class H felony and subject to a fine up to \$10,000, imprisonment for up to six years, or both. The bill also enables a town, city, village, or county to pass an ordinance that provides a forfeiture for a first violation of possession of a synthetic cannabinoid.

Under the bill, a person who possesses either of the stimulant substances may, for a first offense, be fined up to \$5,000, imprisoned for up to one year, or both. For a second or subsequent offense, the person is guilty of a Class I felony and may be fined up to \$10,000, imprisoned for up to three years and six months, or both. A person who manufactures, distributes, or delivers either of the stimulant substances, or who possesses either of the stimulant substances with the intent to manufacture, distribute, or deliver it, is guilty of a felony, the classification of which depends on the amount of the controlled substance involved in the offense.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 59.54 (25g) of the statutes is created to read:

2 **59.54 (25g)** POSSESSION OF A SYNTHETIC CANNABINOID. The board may enact and
3 enforce an ordinance to prohibit the possession of any controlled substance specified
4 in s. 961.14 (4) (tb) to (ty), and provide a forfeiture for a violation of the ordinance,
5 except that any person who is charged with possession of a controlled substance
6 specified in s. 961.14 (4) (tb) to (ty) following a conviction for possession of a controlled
7 substance in this state shall not be prosecuted under this subsection. Any ordinance
8 enacted under this subsection applies in every municipality within the county.
