

**DRAFTER'S NOTE  
FROM THE  
LEGISLATIVE REFERENCE BUREAU**

LRB-1026/P2dn  
MGG:nwn:md

March 29, 2011

The changes you requested regarding the authority of the board and the secretary regarding the promulgation of rules are found in the treatment of ss. 15.01 (1) (am) and 43.05 (2) and (4) (a).

I thought it made sense to allow both the secretary and the board to have access to records and files under s. 45.03 (2). OK?

Other duties and powers of the board are not affected by the draft. These include, but are not limited to, s. 45.03 (5), which deals with DVA's powers to provide structures, facilities, and permanent improvements, s. 45.03 (15), which deals with deferral of payments and interest on loans, and s. 45.37, which deals with the mortgage loan program. If you want to discuss transferring any of the board's duties and powers besides promulgating rules, please call me to discuss this further.
