Subject: Erpenbach amendments requested

Jeff,

Senator Erpenbach will have some amendments to the redistricting bills for committee (I hear Friday executive session). In order to meet the deadlines set arbitrarily by the committee chair (as is his prerogative) we will need to receive amendments back for introduction/share 24 hours before the scheduled executive session. While there is no scheduled executive session I believe it is safe to assume it will be at 10am on Friday – therefore Thursday 10am being our set deadline for amendments. I know....too much information but I wanted to give you some timelines. I will make every effort to get instructions for amendments to you as soon as possible, I do not anticipate any substitute amendment work to be included in these requests for committee – simple deletions. Because of time restrictions the requests will trickle in rather than be as a package.

SB 150 – delete all references to court challenges, jurisdiction, and limits on how a legislative redistricting plan can be challenges in court. Additionally remove the requirement that the WI Supreme Court must take actions. Senator Erpenbach believes that congressional redistricting plans as the resulting legislative redistricting plans have the constitutional right to be argued in a variety of courts – that is the intent of the amendment request (let me know if questions)

SB 150 – separate amendment remove all deletions of the term “ward” in statues and restore all language removed in this bill that would take away the right of local municipalities to draw their boundaries ~~FIRST~~ also put the timelines back to 60,60,60 days ✓

We will start with that.

Call if you need to,

julie

Senator Erpenbach:

As discussed with Julie Laundrie, the enactment of SB-148 or SB-149 will potentially require municipalities to subdivide and adjust the wards they have drawn in response to the 2010 federal decennial census. SB-150 merely reflects the fact that this must occur. It is SB-148 and SB-149, however, that force this action to occur. It should be noted that municipalities that have already adopted their ward plans prior to legislative action on these bills will not necessarily be required to do them over again. They can still use them for elections other than legislative and congressional elections. However, they will need to ensure that the plans have sufficient ward subdivisions to enable us to determine the winners of legislative and congressional elections and if not, they will need to create more subdivisions so we will be able to make these determinations.
