Michael,

Senator Grothman would like a substitute amendment drafted for SB 489. Currently, eyebrow threaders and eye lash extension individuals are required to have a cosmetology license. Senator Grothman would like these two groups to not be required to have a cosmetology license.

Let me know if you have any questions.

Rachel: As I research threading, I am finding that the technique is also used on the upper lip, and perhaps other areas on a person's face. Is the intent to limit the threading exception to the hair of the eyebrows, or should the exception for the threading technique be applied with respect to the removal of hair on the face generally?

Thanks.

creation of the

 barbering and cosmetologists

Analysis by the Legislative Reference Bureau

Barbering and cosmetology licensing

Under current law, the Barbering and Cosmetology Examining Board (board) regulates the practices in this state of barbers and cosmetologists, aesthetists, manicurists, electrologists, managers of establishments where any of those practices are performed, and the establishments themselves. The board issues one license that covers the practice of barbers and cosmetologists (barbering and cosmetology license). The board also issues one manager license, which requires as a prerequisite that the person holds a barbering and cosmetology license, and one license for barbering and cosmetology establishment. The board issues separate licenses for aesthetists, manicurists, and electrologists, defined below.

This bill establishes licensure requirements related to barbering that are independent of the requirements related to cosmetology, renames the board the Cosmetology Examining Board, and creates the Barbering Examining Board for the regulation of barbering in this state. Under the bill the Cosmetology Examining Board continues to regulate the practice of cosmetologists, aesthetists, manicurists, and electrologists.

The members of the Barbering Examining Board are as follows:

1. Four members who are licensed barbers.
2. Two members who are public members.
3. One member who is a representative of a school of barbering.

Substitute amendment

under the substitute amendment,

SENATE BILL 489

The governor appoints the members of the Barbering Examining Board to serve staggered four-year terms.

Current law defines barbering and cosmetology together as a practice that may include one or more of the following services, if performed for compensation:

1. Arranging, styling, dressing, shampooing, cleansing, curling, dyeing, tinting, coloring, bleaching, waving, cutting, shaving, trimming, relaxing, singeing, or performing similar work upon the hair or beard of a person.
2. Aesthetics, which includes beautifying or cleansing or applying cosmetics, oils, lotions, clay, creams, antiseptics, powders, or tonics to or massaging, stimulating, wrapping, exercising, or performing similar work upon the skin of a person.
3. Manicuring, which is cleansing, cutting, shaping, beautifying, or massaging limited to the hands, feet, or nails of a person.

4. Removing a person's hair by means other than by use of an electric needle. The removal of hair from the human body by use of an electric needle is electrology.

Under current law, a person who holds a barbering and cosmetology license, or a licensed manager, may practice aesthetics and manicuring without being separately licensed in those areas. The practice of electrology requires licensure as an electrologist. Also under current law, a licensed manager may manage any establishment where barbering and cosmetology, aesthetics, manicuring, or electrology takes place.

Similarly, under current law, a person who holds a barbering and cosmetology license, or a licensed manager, may use titles that are associated with the practice of barbering and cosmetology or may use titles that are associated with the practice of a manicurist or aesthetist, but that person may not use titles associated with the practice of an electrologist unless the person is also licensed as an electrologist.

Under the bill, a person who is licensed by the Barbering Examining Board solely as a barber or barbering manager may practice only barbering or manage only a barbering establishment licensed by the Barbering Examining Board, and such a person may use titles associated only with barbering. The bill defines barbering as arranging, styling, dressing, shampooing, cleansing, curling, dyeing, tinting, coloring, bleaching, waving, cutting, shaving, trimming, relaxing, singeing, or performing similar work upon the hair of the head, neck, or face of a person.

The bill defines cosmetology as performing one or more of the following: barbering, aesthetics, manicuring, or removing a person's hair by means other than by use of an electric needle. Under the bill, a person who is licensed by the Cosmetology Examining Board as a cosmetologist or cosmetology manager may practice barbering, aesthetics, or manicuring but not electrology unless the person also holds a license as an electrologist. A licensed cosmetology manager may manage any establishment where barbering, cosmetology, aesthetics, manicuring, or electrology is performed.

Similarly, under the bill, a licensed cosmetologist or cosmetology manager may use titles associated with barbering, cosmetology, aesthetics, or manicuring, but that person may not use titles associated with practice as an electrologist unless the person also holds a license as an electrologist.

SENATE BILL 489

Under current law, a person must meet all of the education, examination, and practice requirements for initial licensure as a barber and cosmetologist or manager, whether or not that person intends to provide solely services that are traditionally associated with barbering, such as shaving and cutting hair, or intends to manage an establishment where only those kinds of services are performed. Also under current law, the board may establish continuing education requirements for barbers and cosmetologists, aesthetists, manicurists, electrologists, and managers as a part of the disciplinary process to ensure competency, or if necessary to preserve the public health, safety, or welfare.

Under the **bill**, the Barbering Examining Board establishes initial licensure requirements for barbers and barbering managers that are independent of those for cosmetologists. The **bill** eliminates any continuing education requirements for barbers.

Also under the **bill**, the Barbering Examining Board regulates and licenses establishments where only barbering may take place. The Cosmetology Examining Board regulates and licenses establishments where the practices of cosmetology, aesthetics, manicuring, or electrology may take place, in addition to barbering.

Inactive licenses

Under current law, a person who holds a barbering and cosmetology license, or who holds a license as an aesthetist, manicurist, electrologist, or manager, must meet certain renewal requirements, such as the payment of a renewal fee, and may have to meet continuing education requirements, if that person wishes to maintain that license.

Under the **bill**, any person to whom the Cosmetology Examining Board or the Barbering Examining Board has issued a license may apply to the appropriate board to have that license classified as inactive. The Cosmetology Examining Board or the Barbering Examining Board may classify a license as inactive if the licensed person is otherwise in good standing with the appropriate board and intends to refrain from practice under the license. A person who holds an inactive license is not required to meet continuing education requirements for the license and may pay one-half the usual renewal fee for the license. A person who holds an inactive license may not practice under that license unless the person's active status is returned by the appropriate board or unless the work performed is minimal, as determined by the appropriate board.

Barbering and cosmetology schools and instructors

Under current law, the Department of Safety and Professional Services (DSPS) directly licenses barbering and cosmetology schools and specialty schools. A specialty school is one that concentrates in aesthetics, manicuring, or electrology. DSPS issues one license for barbering and cosmetology schools. A licensed barbering and cosmetology school may offer courses of instruction in barbering and cosmetology, aesthetics, manicuring, and electrology.

Under current law, DSPS also certifies instructors in barbering and cosmetology, aesthetics, manicuring, and electrology. DSPS issues one certification for barbering and cosmetology instructors, and a person who is certified as a

barbering and cosmetology instructor may teach in a barbering and cosmetology school or in a specialty school.

The ~~bill~~ establishes licensure requirements for barbering schools that are independent of the requirements for cosmetology schools. Under the ~~bill~~, a licensed barbering school may offer courses of instruction only in barbering, while a licensed cosmetology school may offer courses of instruction in cosmetology, as well as barbering, aesthetics, manicuring, and electrology if certain requirements relating to instruction in each of those practices are met.

Similarly, the ~~bill~~ establishes certification requirements for barbering instructors that are independent of the certification requirements for cosmetology instructors. Under the ~~bill~~, a certified barbering instructor may provide instruction in barbering. A certified cosmetology instructor may provide instruction in barbering, cosmetology, aesthetics, and manicuring.

For further information see the ~~state~~ fiscal estimate, which ~~will be printed~~ as an appendix to this bill.

Senator Grothman:

Please review this draft substitute amendment carefully to ensure that it is consistent with your intent.

- * Please note that in this draft, no license is required for the use of thread to remove hair from the eyebrow, upper lip, or other area of the face of a person." Please let me know if that language is not consistent with your intent.

Also, the draft excludes from the definition of barbering "the application of temporary or permanent eyelash extensions to the eyelashes of a person." Please let me know if that language is not consistent with your intent. I did not include a similar exclusion under the definition of cosmetology because the subchapter regulating cosmetology under the draft incorporates the definition of barbering, including the eyelashes extension exclusion, for cosmetology services that do not relate to caring for a person's skin, manicuring, or hair removal.

Finally, with respect to hair removal, I included a section in this draft that amends the definition of cosmetology to include the removal of a person's hair by the root (see s. 454.01 (7m) (d), stats., as renumbered and amended in the draft); and I included language specifying that barbering does not include the removal of a person's hair by the root (see s. 454.20 (2), stats., as created by the draft). Under current law, there is no need to make a clear distinction between hair removal by means of cutting or shaving or other similar action and hair removal at the root because the practice of barbering and cosmetology is defined as a single unified practice that includes both of those kinds of hair removal. However, because the draft creates two separate and distinct practices, it is necessary to distinguish between the removal of hair at the root (which can be done by a cosmetologist under the draft) and performing cutting or shaving or other similar action upon the hair of a person's head, neck, or face, which may be done by a barber or a cosmetologist under the draft. Please let me know if this additional change is not consistent with your intent or if you have any questions.

Thank you.

Subject: RE: Substitute Amendment for SB 489

Mike,

In committee yesterday it was realized that there was an issue under the training hour requirement for the barber license. In the sub the number of hours is at 1800 hours, which is the same as the cosmetology license.

Could you please draft an amendment to reduce the training hours required to 1000 hours? I am including Margit, so she is aware of the amendments that will be in the committee tomorrow.

Thanks,

Subject: RE: Substitute Amendment for SB 489

Rachel: As I research threading, I am finding that the technique is also used on the upper lip, and perhaps other areas on a person's face. Is the intent to limit the threading exception to the hair of the eyebrows, or should the exception for the threading technique be applied with respect to the removal of hair on the face generally?

Thanks.

Subject: Substitute Amendment for SB 489

Michael,

Senator Grothman would like a substitute amendment drafted for SB 489. Currently, eyebrow threaders and eye lash extension individuals are required to have a cosmetology license. Senator Grothman would like these two groups to not be required to have a cosmetology license.

Let me know if you have any questions.

Thanks,
