

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBa2722/1dn
FFK:wlj:jf

March 6, 2012

To Representative Molepske:

This amendment requires a Wisconsin Works agency to provide the individual's benefits to the dependent children in the individual's Wisconsin Works group in the form of vendor payments. Under DCF's rules, a vendor payment is defined as a money payment made on behalf of a participant directly to a provider of goods or services. In other words, it will be up to the Wisconsin Works agency to administer the individual's benefits for the dependent children by making vendor payments on behalf of the children.

Please let me know if you have any questions or concerns about this amendment.
