LRB Number	11-1590/1	Introduction Number	AB-0116	Estimate Type	Original		
Description							
Creating a microstamping requirement for certain handguns, certification of compliance with the							
microstamping requirement, requiring the exercise of rule-making authority, and providing penalties							

Assumptions Used in Arriving at Fiscal Estimate

District Attorneys believe this bill would have a fiscal impact on their offices due to the sheer volume of firearms in the community, many of which pre-date microstamping. Given that the law appears to prohibit the transfer of firearms not capable of microstamping to persons other than dealers, the number of chargeable offenses could be significant. DAs did not provide a quantifiable estimate.

Long-Range Fiscal Implications

DAs believe there would be a long-term fiscal effect on their offices due to the number of firearms in the community and the transfer of firearms to persons other than dealers, but didn't estimate the cost associated with it.
