Description											
Awarding costs in administrative agency actions											

## **Assumptions Used in Arriving at Fiscal Estimate**

This bill would not have a fiscal effect on contested cases in the Department of Workforce Development. Contested cases in the Workers' Compensation Division and the Unemployment Compensation Division of the Department of Workforce Development are not covered by Ch. 227, Stats. Contested cases in the Equal Rights Division do not involve enforcement actions by the state against individuals, small businesses or others. Successful parties in contested cases against state agencies are already awarded attorney's fees and costs in the Equal Rights Division, pursuant to case law.

**Long-Range Fiscal Implications**
