

Fiscal Estimate Narratives

DOC 11/17/2011

LRB Number	11-2930/1	Introduction Number	AB-0374	Estimate Type	Original
Description Creating a preference in state procurement for Wisconsin-based businesses					

Assumptions Used in Arriving at Fiscal Estimate

This bill modifies current law and requires state agencies and other purchasing agents to maximize the procurement awards given to businesses that have at least 50 percent of their operations in Wisconsin or that plan to have at least 50 percent of their operations in Wisconsin in the next year. This bill allows purchasing agents to award procurements to Wisconsin businesses if they are within five (5) percent or less of the lowest bid or most advantageous proposal.

Because it is impossible to foresee the applicability of the preference for Wisconsin businesses on future purchases, the fiscal impact of this bill is indeterminate.

Long-Range Fiscal Implications
