Description Expanding and increasing the tax exemption for retirement plan income received by an individual					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, pensions received by persons who were members of or retired from Milwaukee City and county retirement funds, the state teachers' retirement fund, and the civil service retirement system prior to January 1, 1964 are exempt from Wisconsin income tax. In addition, veterans' pensions are exempt from Wisconsin income tax.

Also under current law, up to \$5,000 of payments or distributions from a qualified retirement plan or individual retirement account (IRA) is exempt from taxation if the claimant is at least 65 years of age and the claimant has federal adjusted gross income of less than \$15,000 in the year to which the claim relates (\$30,000 for married joint filers).

Beginning in tax year 2013, this bill eliminates the current age and income restrictions that are part of the \$5,000 exemption for payments or distributions from a qualified retirement plan or IRA. In tax year 2014, the bill also allows individuals to exclude up to \$10,000 of qualified retirement income. In 2015, the allowable exclusion is further increased to \$15,000. In 2016 and thereafter, the allowable exclusion is \$20,000.

Using the 2008 Individual Income Tax Model, inflated for income levels and law, the new exemption will reduce revenue by approximately \$59 million in fiscal year 2013, \$220 million in fiscal year 2014, \$342 million in fiscal year 2015, \$434 million in fiscal year 2016, and \$507 million annually beginning in fiscal year 2017.
