

Fiscal Estimate Narratives

DNR 10/14/2011

LRB Number	11-1583/4	Introduction Number	SB-218	Estimate Type	Original
Description Legislative authorization of proposed administrative rules					

Assumptions Used in Arriving at Fiscal Estimate

This bill permits an agency to promulgate a rule only if a bill authorizing promulgation of the rule is enacted into law. Specifically, the bill permits a standing committee to which a proposed rule is referred to meet and take executive action in favor of introducing a bill to authorize promulgation of the proposed rule or any part of the proposed rule.

The focus of the bill is on modifying legislative procedures related to the review of administrative rule proposals; therefore, it has no fiscal effect on the Department.

Long-Range Fiscal Implications
