University of Wisconsin System

January 13, 2011

The Honorable, The Legislature:

The 1999-2001 State of Wisconsin Biennial Budget, [1999 Wisconsin Act 9](#), included a provision to change the University of Wisconsin System's appropriation for tuition and fee revenues (Academic Student Fees, Fund 131) from an annual, sum certain appropriation to a continuing appropriation.

Wisconsin Act 9 required the Board of Regents to report annually, beginning on December 15, 2000, the amount by which actual expenditures in the previous fiscal year, in this case 2009-10, exceeded the amount in the schedule for that appropriation in the previous fiscal year. That report, including the purposes for which the additional revenues were spent and the amount spent for each purpose, is attached.

We apologize for the delay in submission. Please contact Lynn Paulson at (608) 263-7481 if you have any questions related to this report.

Sincerely,
DEBORAH A. DURCAN
 Vice President for Finance

**State of Wisconsin
 Legislative Audit Bureau**

January 20, 2011
 The Honorable, The Legislature:

As part of the State’s Comprehensive Annual Financial Report for fiscal year (FY) 2009–10, which was published by the Department of Administration last month, we issued an unqualified audit opinion and, in a management letter provided to the Joint Legislative Audit Committee on December 17, 2010, described certain concerns with internal control over financial reporting and compliance that we are required to report under Government Auditing Standards. During the course of our audit, we also identified two other matters that are not required to be reported under Government Auditing Standards but that deserve attention:

- \$19.4 million was lapsed from certain program revenue appropriations with insufficient cash to cover the lapses; and

• expenditures of \$25.9 million were incurred during FY 2009–10 but charged to FY 2010–11 accounts.

In combination, actions to address the \$19.4 million in lapses and \$25.9 million in expenditures charged to FY 2010–11 accounts would reduce the General Fund’s undesignated fund balance by \$45.3 million.

We bring these matters to your attention in an effort to prevent similar occurrences in the future.

Please let me know if you have any questions.

Sincerely,
JANICE MUELLER
 State Auditor

The Honorable, The Legislature:

We have completed a financial audit of WHA Television, as requested by the University of Wisconsin–Extension to fulfill the audit requirements of the Corporation for Public Broadcasting. The Corporation requires audited financial statements of public broadcasting entities to determine future funding levels.

WHA Television is licensed to the University of Wisconsin System’s Board of Regents and is operated by the University of Wisconsin–Extension. WHA Television earned \$17.3 million in revenues during fiscal year 2009–10, including state support, member contributions, funding from the Corporation for Public Broadcasting, and various other grants.

Our audit report contains WHA Television’s financial statements and related notes as of and for the periods ended June

30, 2010, and June 30, 2009. We were able to issue an unqualified independent auditor's report on these statements.

We appreciate the courtesy and cooperation extended to us by University of Wisconsin–Extension staff during the audit.

Sincerely,
JANICE MUELLER
State Auditor

**State of Wisconsin
Department of Administration**

January 31, 2011

The Honorable, The Legislature:

This report is transmitted as required by s. 20.002(11)(f), Wisconsin Statutes, (for distribution to the appropriate standing committees under s. 13.172(3), Wisconsin Statutes) and confirms that the Department of Administration has found it necessary to exercise the "temporary reallocation of balances"

authority provided by this section in order to meet payment responsibilities and cover resulting negative cash balances during the month of December 2010.

On December 13, 2010, the General Fund cash balance closed at a negative \$14.4 million. The fund's cash balance increased to a positive \$44 thousand on December 14, 2010. On December 30, 2010, the General Fund cash balance closed at a negative \$213.8 million (its intra-month low). This negative balance continued through December 31, 2010, when the fund's cash balance closed at a negative \$109.0 million. The negative balance was due to the difference in the timing of revenues and expenditures.

On December 17, 2010, the Medical Assistance Trust Fund cash balance closed at a negative \$6.5 million. This negative balance continued through December 31, 2010, when the fund's cash balance closed at a negative \$180.0 million (its intra-month low). The negative balance was due to the difference in the timing of revenues and expenditures.

On December 1, 2010, the Police and Fire Protection Fund cash balance closed at a negative \$43.3 million (its intra-month low). This negative balance continued through December 31, 2010, when the fund's cash balance closed at a negative \$39.2 million. The negative balance was due to the difference in the timing of revenues and expenditures.

On December 17, 2010, the Petroleum Inspection Fund cash balance closed at a negative \$5.0 million (its intra-month low). This negative balance continued intermittently through December 31, 2010, when the fund's cash balance closed at a negative \$804 thousand. The negative balance was due to the difference in the timing of revenues and expenditures.

The General Fund, Medical Assistance Trust Fund, Police and Fire Protection Fund, and Petroleum Inspection Fund shortfalls were not in excess of the statutory interfund borrowing limitations and did not exceed the balances of the funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund's share. Therefore, the monthly calculation by the State Controller's Office will automatically reflect the use of these temporary reallocations of balance authority and, as a result, the funds requiring the use of the authority will effectively bear the interest cost.

Sincerely,
MIKE HUEBSCH
Secretary

Referred to joint committee on **Finance**.
