Analysis by the Legislative Reference Bureau

Currently, contributions used for the purpose of payment of expenses incurred in connection with the circulation, offer to file, or filing of a petition to recall an officeholder prior to the time that a recall primary or election is ordered, or after that time if incurred in contesting or defending the order, are generally subject to reporting but are not subject to contribution limitations under the campaign finance law. Contributions used for the purpose of payment of expenses incurred in supporting or opposing an officeholder against whom a recall petition has been filed are subject to the limitations.

This bill treats gifts, receipts, and transfers, including certain in-kind transactions, made for the purpose of payment of expenses in connection with the circulation, offer to file, or filing of a petition to recall an officeholder prior to the time that a recall primary or election is ordered, or in contesting or defending such an order, as contributions to any candidate who is supported or whose opponent is opposed for purposes of contribution limitations in the same manner as other contributions to such a candidate. Under the bill, the contributions become subject to the limitations on the day that any person registers his or her intent to circulate a recall petition. If a recall election is ordered, contributions made before and after

the filing of the recall petition are aggregated for purposes of the contribution limitations. The bill also specifically provides that actions taken for the purpose of contesting or defending a recall election order are reportable transactions under the campaign finance law to the same extent as other actions taken for the purpose of influencing the recall or retention of an officeholder.
