authorizing the Wisconsin Health and Educational Facilities Authority to issue
bonds to finance projects related to nonprofit facilities.

Analysis by the Legislative Reference Bureau
Under current law, the Wisconsin Health and Educational Facilities Authority (WHEFA) may issue bonds to finance certain projects of health, educational, or research institutions; to refinance outstanding debt of health, educational, or research institutions; and to finance a purchase of the state’s right to receive any of
the payments under the Attorneys General Master Tobacco Settlement Agreement of November 23, 1998. Projects of health, educational, or research institutions that may be financed include, among others, the acquisition of a hospital, the construction or operation of an ambulatory surgery center or home health agency, and the construction, remodeling, furnishing, or equipping of a health, educational, or research facility or related structure.

This bill authorizes WHEFA to issue bonds to finance any project undertaken by a nonprofit institution for a nonprofit facility, or to refinance outstanding debt of a nonprofit institution. A nonprofit institution is defined in the bill as a nonprofit entity that is not a health, education, or research institution. A nonprofit facility is defined in the bill as a facility that is owned or operated by a nonprofit entity. Project activities for which WHEFA may issue bonds for a nonprofit institution include construction, acquisition, remodeling, furnishing, and equipping of nonprofit facilities, related structures, and structures or items that are useful for the operation of nonprofit facilities.

This bill also makes the following changes to WHEFA's bonding authority:
1. Extends the maximum bond maturity date for bonds issued by WHEFA from 30 years from the date of issue to 50 years from the date of issue.
2. Eliminates the requirement that certain refinancing projects for health institutions be certified by the Department of Health Services.
3. Changes the working capital limits that must be included in the cost of a project to be consistent with federal law.
4. Eliminates references to WHEFA's authority to issue bonds to participating child care providers which expired on May 1, 2000.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Such pledge shall be valid and binding from the time when the pledge is made, the revenues so pledged by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the bond resolution nor any financing statement, continuation statement, or other instrument by which a pledge is created or by which the authority's interest in revenues is assigned need be filed or recorded in any public records in order to perfect the lien thereof as against 3rd parties, except that a copy thereof shall be filed in the records of the authority and with the department of financial institutions.

SECTION 45. 231.16 (1) of the statutes is amended to read:

231.16 (1) The authority may issue bonds to refund any outstanding bond of the authority or indebtedness that a participating health institution, participating
educational institution, participating research institution, or participating child

acquisition of a project prior to or after April 30, 1980, including the payment of any
redemption premium on the outstanding bond or indebtedness and any interest
accrued or to accrue to the earliest or any subsequent date of redemption, purchase,
or maturity, or to pay all or any part of the cost of constructing and acquiring
additions, improvements, extensions, or enlargements of a project or any portion of
a project. Except for bonds to refund bonds issued under s. 231.03 (6) (g), no bonds
may be issued under this section unless the authority has first entered into a new
or amended agreement with a participating health institution, participating
educational institution, participating research institution, or participating child
care provider nonprofit institution to provide sufficient revenues to pay the costs and
other items described in s. 231.13.

SECTION 46. 231.16 (3) of the statutes is amended to read:

231.16 (3) All bonds issued under this section shall be subject to this chapter
in the same manner and to the same extent as other bonds issued pursuant to this
chapter, except that the limitations with respect to dates under s. 231.03 (6) (e) and
(f), 1999 stats., and under s. 231.03 (14) do not apply to bonds issued under this
section, and the requirement under s. 231.08 (3) that the bonds mature in 30 50 years
or less from their date of issue does not apply to bonds issued under this section to
refund bonds issued under s. 231.03 (6) (g).

SECTION 47. 231.20 of the statutes, as affected by 2011 Wisconsin Act 32, is
amended to read:

231.20 Waiver of construction and bidding requirements. In exercising
its powers under s. 101.12, the department of safety and professional services or any
city, village, town, or county may, within its discretion for proper cause shown, waive any particular requirements relating to public buildings, structures, grounds, works, and improvements imposed by law upon projects under this chapter; the requirements of s. 101.13 may not be waived, however. If, however, the prospective lessee so requests in writing, the authority shall, through the participating health institution, participating educational institution, participating research institution, or participating child care provider nonprofit institution as its agent, call for construction bids in such manner as is determined by the authority with the approval of the lessee.

Section 48. 231.23 of the statutes is amended to read:

231.23 Nonprofit institutions. It is intended that all nonprofit health institutions, educational institutions, research institutions, and child care providers entities in this state be enabled to benefit from and participate in this chapter. To this end, all nonprofit health institutions, educational institutions, research institutions, and child care providers entities operating, or authorized to be operated, under any law of this state may undertake projects and utilize the capital financing sources and methods of repayment provided by this chapter, the provisions of any other laws to the contrary notwithstanding.
