AN ACT to repeal 238.399 (5) (c) 2. a.; to renumber and amend 238.16 (1) (c);
to amend 71.07 (2dx) (a) 4., 71.28 (1dx) (a) 4., 71.47 (1dx) (a) 4., 76.636 (1) (d),
238.07 (1), 238.16 (3) (intro.), 238.16 (3) (am), 238.16 (4) (b) 1. (intro.), 238.30
(intro.), 238.30 (2m) (b), 238.399 (1) (am) 2., 238.399 (5) (c) 2. (intro.) and
238.399 (5) (d) 1.; and to create 238.16 (1) (c) 2. of the statutes; relating to:
tax credit programs administered by the Wisconsin Economic Development
Corporation.

Analysis by the Legislative Reference Bureau
Under current law, the Wisconsin Economic Development Corporation (WEDC) administers the jobs tax credit, the economic development tax credit, the development opportunity zone tax credit, and the enterprise zone tax credit (tax credit programs). This bill makes various changes to these tax credit programs. Definition of “full-time job”
Under current law, each of the tax credit programs defines a “full-time job” as a job in which an individual must work 2,080 hours per year as a condition of his or her employment. However, for purposes of the enterprise zone tax credit program and the economic development tax credit program, WEDC is currently authorized to make an exception to the 2,080 hour requirement for individuals who work at a job not less than 37.5 hours per week. Under this bill, the definition of “full-time job”
in each of the tax credit programs provides that WEDC may make an exception to the 2,080 hours per year requirement as long as the employed individual receives benefits that are acceptable to the corporation.

Jobs Tax Credit

Under current law, WEDC may certify a person to claim the jobs tax credit if the person operates or intends to operate a business in Wisconsin, will increase its net employment in Wisconsin, and will pay annual wages to a full−time employee for whom the person claims tax benefits of at least $20,000 in Tier I counties or municipalities and at least $30,000 in Tier II counties or municipalities. A person certified under the program may receive per−employee tax benefits in the amount of 10 percent of the wages paid to a full−time employee who meets the wage requirement for the county or municipality. A person certified under the program may also receive tax benefits for providing job training to its employees.

Under this bill, a person certified for the jobs tax credit program may receive per−employee tax benefits up to 10 percent of the wages paid to a full−time employee who meets the wage requirements for the county or municipality. This bill also authorizes WEDC to certify a person to claim the jobs tax credit if the person maintains increased net employment in the person’s business.

Enterprise Zone Tax Credit.

Under current law, WEDC is authorized to designate up to 20 areas in the state as enterprise zones. Currently, WEDC may certify businesses to claim the enterprise zone tax credit, including:

1. A business that expands its operations in an enterprise zone and that makes a capital investment in property located in the enterprise zone if: (a) the value of the capital investment is equal to at least 10 percent of the business’s gross revenues from business in the state in the preceding tax year; (b) the business enters into an agreement with WEDC to claim tax benefits only for years during which the business maintains the capital investment; and (c) the business offers compensation and benefits for the same type of work to its employees working in the zone that are at least as favorable as those offered to its employees working in Wisconsin, but outside the zone.

2. A business that retains jobs in an enterprise zone, but only if the business makes a significant capital investment in property located in the zone, and either (a) the business is an original equipment manufacturer with a significant supply chain in Wisconsin or (b) more than 500 full−time employees are employed by the business in the enterprise zone.

This bill makes the following changes to the requirements for certification to claim the enterprise zone tax credit:

1. For a business that expands its operations in an enterprise zone, this bill eliminates the requirement that the value of a qualifying capital investment in an enterprise zone must be at least 10 percent of the business’s gross revenues. Under this bill, a business that expands operations in an enterprise zone may qualify for the enterprise zone tax credit by making a significant capital investment, as determined by WEDC.
2. For a business that retains jobs in the enterprise zone, the bill eliminates the requirement that the business must be an original equipment manufacturer with a significant supply chain in Wisconsin and allows certification for a business that is any type of manufacturer with a significant supply chain in Wisconsin. For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
