2011 ASSEMBLY BILL 573

February 17, 2012 - Introduced by Representatives Molepske Jr, Mursau, Spanbauer, Turner, Ringhand, Clark, Ballweg, Bernard Schaber, Pasch, Krug and Berceau, cosponsored by Senators Hansen and Holperin. Referred to Committee on Natural Resources.

AN ACT to amend 23.22 (2) (c); and to create 23.0917 (4) (b) 5., 23.22 (1) (cg), 23.22 (1) (cm) and 23.22 (1) (cr) of the statutes; relating to: stewardship funding for grants to control invasive species.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Natural Resources (DNR) administers a financial assistance program under which it awards cost-sharing grants to public and private entities for projects to control invasive species that cause economic or environmental harm or harm to human health. Under current administrative rules, these entities include lake districts, certain lake associations, and nonprofit conservation organizations. Moneys for these grants are appropriated from the conservation fund.

Under current law, the state may incur public debt by issuing bonds for certain conservation activities under the Warren Knowles-Gaylord Nelson Stewardship 2000 Program, which DNR administers. The state is currently authorized to bond under two of the program’s subprograms: the land acquisition subprogram and the property development and local assistance subprogram. Bonding under the property development and local assistance subprogram may generally be used only for nature-based outdoor recreation. This bill allows DNR to use stewardship bonding for these cost-sharing grants to control invasive species for nature-based outdoor recreation purposes.
For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 23.0917 (4) (b) 5. of the statutes is created to read:
