Analysis by the Legislative Reference Bureau
This bill requires in-state manufacturers, wholesale sellers, and retailers of children’s bedding that contains a specified chemical to ensure that the retail packaging for the children’s bedding is conspicuously labeled with a statement that the children’s bedding contains the chemical. The bill defines “children’s bedding” as any mattress, upholstered spring, comforter, pad, cushion, or pillow that is designed and manufactured for the purpose of sleeping or reclining and that is primarily intended by the manufacturer for use by children three years of age or younger. The chemicals that are subject to the bill’s labeling requirement are bis(2-ethylhexyl)phthalate, polybrominated diphenyl ethers, and polyvinyl chloride. A manufacturer who violates the bill is subject to a forfeiture of no more than $5,000 for a first violation and no more than $10,000 for each subsequent
violation. A wholesale seller or retailer who violates the bill is subject to a forfeiture of no more than $200 for each violation.
