Analysis by the Legislative Reference Bureau

Federal and state requirements for nursing homes

Under current law, a nursing home that receives Medicaid or Medicare funding
for the care of a resident is subject to both federal and state requirements. The
Department of Health Services (DHS) enforces both federal and state requirements
for nursing homes. Currently, for nursing homes that are Medicaid and Medicare
providers, DHS may issue both federal and state citations for the same practice and
may recommend federal remedies and impose state sanctions. This bill prohibits
DHS from issuing a notice of violation of a state requirement to a nursing home that
is a Medical Assistance or Medicare provider if DHS has, in a statement of deficiency,
SENATE BILL 212

cited the nursing home for a violation of a federal requirement that is based on the same facts.

Under current law, DHS may seek an injunction in court to enjoin the repeated violation of the state’s nursing home statutes or a rule promulgated under the authority of the state’s nursing home statutes. The bill allows DHS to seek an injunction to enjoin repeated violation of certain federal requirements related to the operation of a nursing home.

**Monetary penalties**

Under current law, DHS may assess a forfeiture against a nursing home for a violation of a state requirement. There is no time limit for DHS to assess a forfeiture for a violation. Nursing homes must pay forfeitures to DHS within ten days after receipt of notice of imposition of the forfeiture or after receipt of the final decision after exhaustion of administrative review. If a nursing home does not contest a notice of violation and a forfeiture and pays the forfeiture within ten days after receipt of the notice, DHS must reduce the forfeiture amount by 35 percent.

The bill requires DHS to impose a forfeiture within 120 days of notifying a nursing home of a violation or DHS loses the authority to impose a forfeiture. The bill changes to 60 days the time period by which a nursing home must pay forfeitures to DHS after receipt of the notice of imposition of the forfeiture or the final decision after exhaustion of administrative review, and also changes to 60 days the time period within which a nursing home may pay a forfeiture and have the forfeiture amounts reduced by 35 percent.

**Appeals**

Currently, in order to appeal a DHS finding that the nursing home violated a state requirement, a nursing home must request a hearing on the finding within ten days of receiving notice of the violation. If DHS assesses a forfeiture for the violation and the nursing home wishes to appeal the forfeiture, the nursing home must request a separate hearing on the forfeiture within ten days of receiving notice of a contested action. Upon request of the nursing home, the hearing on the finding of violation may be stayed until DHS assesses a forfeiture so that the hearing on the finding of violation and the hearing on the forfeiture may be consolidated.

The bill extends the deadline for a nursing home to request a hearing on a finding that the nursing home violated a state requirement to 60 days after receipt of the notice of violation. The bill also extends the deadline for requesting a hearing on a forfeiture to 60 days after receipt of notice of the forfeiture. The bill further provides that, if a nursing home timely appeals both a finding of violation and a forfeiture, the hearings on the violation and the forfeiture will be consolidated.

**Conditional and probationary licenses**

Currently, in addition to the right to impose a forfeiture on a nursing home for violations, DHS may issue a conditional license to a nursing home in which DHS finds that a class “A” or a class “B” violation continues to exist. (A class “A” violation creates a condition or occurrence relating to the operation and maintenance of a nursing home that presents a substantial probability that death or serious mental or physical harm to a nursing home resident will result. A class “B” violation creates a condition or occurrence relating to the operation and maintenance of a nursing
home that directly threatens the health, safety, or welfare of a nursing home resident.) Issuing a conditional license revokes any outstanding license held by the nursing home.

This bill expands the standard for issuance by DHS of a conditional license for a nursing home to also include a continuing violation of federal law that constitutes immediate jeopardy or actual harm not involving immediate jeopardy to a nursing home resident.

Under current law, an applicant for a nursing home license that has not been previously licensed to operate a nursing home or whose nursing home is not operating at the time of application is issued a probationary license. To obtain a regular license, DHS inspects the nursing home to determine whether the nursing home meets the requirements for licensure. The bill specifies that a nursing home operating under a probationary license must also substantially comply with requirements under certain federal regulations related to the operation of a nursing home, if applicable, in order to obtain a regular license.

**Suspension of admissions**

Under current law, DHS must suspend new admissions to a nursing home if the nursing home received notices of a class “A” violation or three or more class “B” violations in the previous 12 months; and if the nursing home received notices of a class “A” violation or three or more class “B” violations in any 12-month period during the three years immediately preceding the previous 12 months. Suspension of admissions begins 90 days after a nursing home receives its last notice of a class “A” or class “B” violation if DHS determines that the violation is uncorrected 90 days after the last notice or on the day that DHS makes a return visit to the nursing home and determines that the violation has not been corrected. A suspension must remain in effect until DHS determines that the nursing home has corrected all class “A” and class “B” violations.

This bill expands the standard for suspension of new admissions to a nursing home to include circumstances under which a nursing home received written notice of a violation that involved immediate jeopardy to a resident; a class “A” violation; or three or more class “B” violations or violations that constituted actual harm not involving immediate jeopardy to a resident. These circumstances must have occurred both in the previous 15 months and in any 15-month period during the 36 months immediately preceding the previous 15 months. Under the bill, a suspension of admissions may begin only 90 days after a nursing home receives its last notice of a violation if DHS determines that the violation is uncorrected 90 days after the last notice. Suspension of admissions must remain in effect until DHS determines that the nursing home has corrected the violation in question.

**Suspension or revocation of licensure**

Currently, DHS may, after providing notice to a nursing home applicant or licensee, suspend or revoke the license if DHS finds that the nursing home substantially failed to comply with applicable state statutes or rules. No state or federal funds passing through the state treasury may be paid to a nursing home that does not have a valid license. This bill also permits DHS to suspend or revoke a nursing home license if the nursing home has substantially failed to comply with
SENATE BILL 212

specified state law or with federal requirements related to the operation of a nursing home.

Notices of violation

In certain circumstances under current law, DHS must provide a notice of violation to a nursing home, such as the presence in a nursing home of a class “A” or “B” violation. The department currently is not required to serve a notice of violation if the nursing home reports the violation to DHS and it occurs and remains uncorrected despite the nursing home’s every reasonable effort to prevent and correct the violation. This bill expands the circumstances under which DHS is not required to serve a notice of violation to include situations in which a nursing home reports the violation to DHS and has corrected the violation.

Quality improvements

This bill allows DHS to distribute moneys, including civil money penalties collected under a certain federal regulation, for innovative projects designed to protect the property and the health, safety, and welfare of nursing home residents and to improve the efficiency and cost effectiveness of the operation of nursing home facilities. Also, under the bill, DHS must establish and maintain a quality assurance and improvement committee to review proposals and award moneys for those innovative projects.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

**SECTION 3.** 50.03 (4) (a) 1. a. of the statutes is amended to read:

50.03 (4) (a) 1. a. Except as provided in sub. (4m) (a), the department shall issue a license for a nursing home if it finds the applicant to be fit and qualified and if it finds that the nursing home meets the requirements established by this subchapter and, as applicable, requirements under 42 CFR 483 related to the operation of a nursing home. The department, or its designee, shall make such inspections and investigations as are necessary to determine the conditions existing in each case and shall file written reports. The department shall promulgate rules defining “fit and qualified” for the purposes of this subd. 1. a.

**SECTION 4.** 50.03 (4m) (a) of the statutes is amended to read:

50.03 (4m) (a) If the applicant for licensure as a nursing home has not been previously licensed under this subchapter or if the nursing home is not in operation at the time application is made, the department shall issue a probationary license. 50.03 (5) (a) *Power of department.* The department, after notice to a nursing home applicant or licensee, may suspend or revoke a license in any case in which the department finds that the nursing home has substantially failed to comply with the applicable requirements of this subchapter and the rules promulgated under this subchapter, with s. 49.498, or with requirements under 42 CFR 483 related to the operation of a nursing home. No state or federal funds passing through the state treasury may be paid to a nursing home that does not have a valid license issued under this section.

**SECTION 6.** 50.03 (5) (b) of the statutes is amended to read:

Retention of any interest required to be disclosed under sub. (3) (b) after transfer by any person who held such an interest prior to transfer may constitute grounds for denial of a license where violations of this subchapter, or of requirements of 42 CFR 483 related to the operation of a nursing home, for which notice had been given to the transferor are outstanding and uncorrected, if the department determines that effective control over operation of the facility has not been transferred. If the transferor was a provider under s. 49.43 (10), the transferee and transferor shall comply with s. 49.45 (21).

Each notice of violation shall be prepared in writing and shall specify the nature of the violation, and the statutory provision or rule alleged to have been violated. The notice shall inform the licensee of the right to a hearing under par. (e). The written notice of a class “A” violation may be written and served by an agent of the department at the time of the inspection.
SECTION 10. 50.04 (4) (a) 2. b. of the statutes is amended to read:

50.04 (4) (a) 2. b. The nursing home has made every reasonable effort to prevent and correct the violation, but the violation occurred and remains uncorrected due to circumstances beyond the nursing home's control, or the nursing home has corrected the violation.

2. If an act or omission constitutes a violation of this subchapter or the rules promulgated under this subchapter, s. 49.498, or requirements under 42 CFR 483 related to the operation of a nursing home, the department may not issue under s. 50.04 (4) (a) a notice of violation of this subchapter, the rules promulgated under this subchapter, or s. 49.498 if the department has, in a statement of deficiency, cited the nursing home for the violation under requirements under 42 CFR 483 related to the operation of a nursing home.

50.04 (4) (d) 1. a. In the previous 15 months, the nursing home received written notice of a violation of a state statute or rule or a federal statute or regulation that involved immediate jeopardy to a resident; a class “A” violation; or 3 or more class “B” violations or violations that constituted actual harm not involving immediate jeopardy to a resident.

SECTION 14. 50.04 (4) (d) 1. b. of the statutes is repealed and recreated to read:

50.04 (4) (d) 1. b. A suspension of admissions under subd. 1. shall begin 90 days after a nursing home received its last notice of violation for a class “A” or class “B” violation specified in subd. 1. a. if the department determines that the violation remains uncorrected 90 days after the nursing home received the last notice of the violation. If the nursing home indicates to the department that the violation has been corrected, but the department is unable to verify that the violation has been corrected, a suspension of admissions under subd. 1. shall begin on the day that the department makes a return visit to the nursing home and determines that the violation has not been corrected. A suspension of admissions under subd. 1. shall remain in effect until the department determines that all class “A” and class “B” violations by the nursing home have been corrected the violation. Admission of

**SECTION 16.** 50.04 (4) (e) 1. of the statutes is amended to read:

50.04 (4) (e) 1. If a nursing home desires to contest any department action under this subsection, it shall send a written request for a hearing under s. 227.44 to the division of hearings and appeals created under s. 15.103 (1) within 40 days of receipt of notice of the contested action. Department action that is subject to a hearing under this subsection includes service of a notice of a violation of this subchapter or rules promulgated under this subchapter, a notation in the report under sub. (3) (b), imposition of a plan of correction, and rejection of a nursing home’s plan of correction, but does not include a correction order. Upon the request of the nursing home, the division shall grant a stay of the hearing under this paragraph until the department assesses a forfeiture, so that its hearing under this paragraph is consolidated with the forfeiture appeal hearing held under sub. (5) (e). All agency action under this subsection arising out of a violation, deficiency, or rejection and imposition of a plan of correction shall be the subject of a single hearing. Unless a stay is granted under this paragraph, the division shall commence the hearing within 30 days of the request for hearing, within 30 days of the department’s acceptance of a nursing home’s plan of correction, or within 30 days of the department’s imposition of a plan of correction, whichever is later. The division shall send notice to the nursing home in conformance with s. 227.44. If the department determines that a forfeiture should be assessed for a particular violation or for failure to correct it, the department shall send a notice of assessment of forfeiture to the nursing home. The notice shall specify the amount of the forfeiture assessed, the violation, and the statute or rule alleged to have been violated, and shall inform the licensee of the right to hearing under par. (e). If the department does not issue a notice of forfeiture within 120 days after the date on which a nursing home receives the notice of a violation, the department may not assess a forfeiture for the violation.

SECTION 19. 50.04 (5) (e) of the statutes is amended to read:

The administrator of the division may designate a hearing examiner to preside over the case and recommend a decision to the administrator under s. 227.46. The decision of the administrator of the division shall be the final administrative decision. The division shall commence the hearing within 30 days of receipt of the request for hearing and shall issue a final decision within 15 days after the close of the hearing.

Proceedings before the division are governed by ch. 227. In any petition for judicial review of a decision by the division, the party, other than the petitioner, who was in the proceeding before the division shall be the named respondent. If, after receipt of notice of assessment of a forfeiture, a nursing home that has timely requested a hearing under sub. (4) (e) on the notice of violation under sub. (4) for which the
forfeiture was assessed requests a hearing under this paragraph on the assessment
of the forfeiture, the hearing on the notice of violation under sub. (4) and the hearing
on the assessment of the forfeiture shall be consolidated.

**SECTION 20.** 50.04 (5) (f) of the statutes is amended to read:

50.04 (5) (f)  **Forfeitures paid within 10 60 days.** All forfeitures shall be paid to
the department within 10 60 days of receipt of notice of assessment of the forfeiture
or, if the forfeiture is contested under par. (e), within 10 60 days of receipt of the final
decision after exhaustion of administrative review, unless the final decision is
appealed and the order is stayed by court order under s. 50.03 (11). The department
shall remit all forfeitures paid to the secretary of administration for deposit in the
school fund.

**SECTION 21.** 50.04 (5) (fm) of the statutes is amended to read:

not contest a notice of violation under sub. (4) (e) and does not contest an assessment
of a forfeiture under par. (e) for a class “A” or class “B” violation and pays the
forfeiture to the department within 10 60 days after receipt of the notice of
assessment of the forfeiture, the department shall reduce the amount of the
assessment forfeiture by 35% 35 percent.

**SECTION 22.** 50.04 (6) (a) of the statutes is repealed and recreated to read:

50.04 (6) (a)  **Power of department.** 1. In addition to the right to impose
forfeitures under sub. (5), the department may issue a conditional license to any

the nursing home.
SENATE BILL 212
