1. **AN ACT to renumber and amend** 38.08 (1); **to amend** 38.08 (2m), 38.10 (2) (c) and 38.10 (2) (fm); and **to create** 38.08 (1b) of the statutes; **relating to:** membership of technical college district boards.

**Analysis by the Legislative Reference Bureau**

Under current law, the Wisconsin technical college system consists of 16 technical college districts, which are administered by district boards. Each district board has the following nine members: two employers, two employees, one school district administrator, one elected state or local official, and three additional members. The employer and employee members must represent the various businesses and industries in the district. Members are appointed for three-year terms by appointment committees consisting of either county board chairs or school board presidents.

This bill changes the membership of district boards so that they consist of the following nine members: six business persons, one school district administrator, one elected state or local official, and one additional member. The bill defines “business person” as an owner, officer, director, member, manager, partner, operator, or employee of any of the following entities: 1) a business entity that is operated for profit; 2) a nonprofit hospital, clinic, or other health care organization or facility; or 3) a federal or state credit union. “Business person” is defined to also include a retired person who, prior to retirement, earned a substantial portion of his or her income as owner, officer, director, member, manager, partner, operator, or employee
of any of the foregoing entities. The bill does not otherwise affect the requirements for appointing members.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 38.08 (1) of the statutes is renumbered 38.08 (1d), and 38.08 (1d)
(a) 1. and 2., as renumbered, are amended to read:

composed of 9 members who are residents of the district, including 2 employers, 2
employees, 3 business persons, one additional member, a school district
administrator, as defined under s. 115.001 (8), and one elected official who holds a
state or local office, as defined in s. 5.02. The board shall by rule define “employer”
and “employee” for the purpose of this subdivision.
2. The employer and employee business person members of the district board
shall be representative of the various businesses and industries in the district. The
school district administrator shall be employed by the school board of a school district
located in the district. Of the 3 additional members, no more than 2 may be
employers, no more than 2 may be employees, no more than 3 may be school district
administrators and no more than 3 may be elected officials. No 2 members of the
district board may be officials of the same governmental unit nor may any district
