Analysis by the Legislative Reference Bureau

Second Chance Partnership

Under current law, the Department of Public Instruction (DPI) makes payments to Second Chance Partnership, a nonprofit corporation operating a
SENATE BILL 348

program in which children at risk participate in apprenticeships while earning high school diplomas. This bill eliminates a nonstatutory reference to 2005 Wisconsin Act 25, section 9137 (3q); that section provided funding in the 2005–06 and 2006–07 school years to the Second Chance Partnership to create a pilot work-based learning program.

**Name changes**

Under current law, there is within DPI a Division for Libraries, Technology, and Community Learning. Under this bill, the name of the division is changed to the Division for Libraries and Technology.

Under current law, DPI must maintain a Reference and Loan Library to supplement the collections of other libraries in the state by providing certain special materials that are not generally available from local libraries or other local or state–level resource providers and to provide certain information services to other libraries in the state and state employees. This bill changes the name of the Reference and Loan Library to the Resources for Libraries and Lifelong Learning Service.

This bill changes the name of the Division for Learning Support, Equity and Advocacy in DPI to the Division for Learning Support.

**Participation in a public library system**

Under current law, a municipal, county, or joint public library may participate in a public library system if it has a written agreement with the system board to provide to any system resident the same library services that are provided to the residents of the municipality or county that established the member library, with two exceptions: a municipal, county, or joint public library may give preference to its residents in group programs and may provide remote access to a library’s database only to its residents.

Current law also provides that a public library system is eligible for state aid if it has written agreements to provide to any system resident the same library services that are provided to the residents of the municipality or county that established the member library, with one exception: the system may give preference to its residents in group programs.

This bill reconciles these two provisions. The bill provides that a public library system is eligible for state aid if it has the written agreements with all of its member libraries that are required by law for the member libraries to participate in the system.

**Educare Center of Milwaukee**

Under current law, money is appropriated to DPI for aid for children–at–risk programs. 2005 Wisconsin Act 25 directed DPI to pay certain amounts from this appropriation to the Educare Center of Milwaukee during the 2005–07 fiscal biennium. This bill eliminates this dated material from the appropriation.
