Analysis by the Legislative Reference Bureau

Current law prohibits a person from operating a snowmobile in this state unless the snowmobile is covered by a public-use or private-use registration issued by the Department of Natural Resources (DNR) or is exempt from registration. A person who owns a snowmobile is generally exempt from snowmobile registration requirements in this state if the snowmobile is covered by a valid registration in another state or country. A public-use registration is valid for two years and a private-use registration is valid until ownership of the snowmobile is transferred. This bill eliminates the two-year registration period for a public-use registration and provides that a public-use registration is valid until ownership of the
SENATE BILL 365

snowmobile is transferred. The bill also lowers the public-use registration fee from $30 to $15.

Under current law, a person who owns a snowmobile that is not registered in this state or is exempt from registration must display a trail use sticker issued by DNR on the snowmobile. The fee for this sticker is $34.25. This bill requires all snowmobiles to display a trail use sticker, regardless of whether the snowmobile is registered in this state. The bill provides that the fee for a trail use sticker issued for a snowmobile that is registered in this state is $14.25 if the snowmobile is owned by a snowmobile club member and $34.25 if the owner does not belong to a snowmobile club.

Under current law, DNR provides funding from the snowmobile account in the conservation fund for snowmobile regulation purposes including aids to counties for activities such as snowmobile trail development and maintenance and law enforcement. Currently, these activities are funded by snowmobile fees and by moneys transferred from the transportation fund to the conservation fund. The amount of this transfer equals the estimated snowmobile gas tax formula. The estimated snowmobile gas tax formula amount is based on an estimate of the amount of excise tax paid on gasoline by operators of all snowmobiles registered in this state. Beginning with fiscal year 2013–14, this bill bases the estimated snowmobile gas tax formula on an estimate of the excise tax paid on gasoline by operators of registered snowmobiles in this state who are issued a trail use sticker.

Current law also requires DNR to calculate an amount equal to the number of trail use stickers issued by DNR in the previous fiscal year multiplied by $32 and to credit this amount to an appropriation account that funds aids to counties for activities such as trail development and maintenance. This bill changes the basis on which DNR must calculate the amount to be credited to that appropriation. Under the bill, DNR must credit an amount equal to the number of trail use stickers issued in the previous fiscal year to owners of snowmobiles that are exempt from registration multiplied by $34.25.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
