2011 SENATE BILL 425

AN ACT to renumber and amend 66.0627 (8); and to create 66.0627 (8) (b), 66.0627 (8) (c), 66.0627 (8) (d) and 66.0627 (8) (e) of the statutes; relating to: loans and repayment assistance by a political subdivision for energy and water improvements to premises and collection of the debt by special charge.

Analysis by the Legislative Reference Bureau

Under current law, a city, village, or town may impose a special charge against real property for services rendered by allocating the cost of the service to the properties that are served. Generally, a special charge is not payable in installments. Also under current law, a city, village, town, or county (political subdivision) may make a loan to, or enter into a loan repayment agreement with, an owner or lessee of a premises for making or installing certain energy or water efficiency improvements (property assessed clean energy or PACE program). The political subdivision may collect a loan repayment under the PACE program as a special charge. A special charge imposed under the PACE program may be collected in installments.

Under this bill, a political subdivision that imposes a special charge under the PACE program and allows the charge to be paid in installments may allow a third party that has provided financing for the PACE program project to collect the installments. Also under this bill, a delinquent PACE program special charge installment becomes a lien on the property that benefits from the PACE program project. Also under this bill, if the political subdivision funds a PACE program project that costs $250,000 or more, the political subdivision must require the owner
of the premises to obtain a written guarantee from the contractor or project engineer that the PACE program project will achieve a savings-to-investment ratio greater than 1.0 or that the contractor or engineer will pay the owner any shortfall in savings. For a PACE program project that costs less than $250,000, a political subdivision may require a third party technical review of the projected savings before making a PACE program loan or agreement.

For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
