February 20, 2012 – Introduced by Senator LASEE, cosponsored by Representatives JACQUE, BERNIER, CRAIG, STEINEKE, THIESFELDT, VAN ROY and WYNN. Referred to Committee on Transportation and Elections.

AN ACT to renumber and amend 84.30 (5r) (a); to amend 84.30 (5r) (title), 84.30 (5r) (b) and 84.30 (5r) (c); and to create 84.30 (5r) (a) 1. and 84.30 (5r) (e) of the statutes; relating to: outdoor advertising signs that are relocated because of state highway projects.

Analysis by the Legislative Reference Bureau

Under current law, if a highway project of the Department of Transportation (DOT) causes the realignment of an outdoor advertising sign that does not conform to a local ordinance (sign), the realignment does not affect the sign’s nonconforming status under the ordinance. “Realignment” is defined as relocation on the same site. If DOT proposes the realignment of a sign in connection with a highway project, DOT must notify the municipality or county that adopted the ordinance to which the sign does not conform of the sign’s proposed realignment. The municipality or county may then petition DOT to condemn the sign instead of realigning the sign, but must pay DOT for certain costs of condemnation if DOT succeeds in condemning the sign.

This bill expands these provisions to relocation of a sign to a new location within the same municipality, not just on the same site. The bill also specifies that relocation of a sign means either the dismantling and moving of the sign or the removal of the sign and erection of a replacement sign constructed of new materials. The bill also requires all of the following with respect to relocation of a sign caused by a DOT highway project: 1) that the size of the sign face, and the number of sign faces on the sign, after relocation must be the same as prior to relocation; 2) that the height of the sign, as measured from road-grade level, after relocation must be equal

to or greater than prior to relocation; and 3) that the new location for the sign must meet all requirements for a sign permit.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

Upon receiving this notice, the governing body may petition the department to acquire the sign and any real property interest of the sign owner. If the department succeeds in condemning the sign, the governing body that made the petition to the department shall pay to the department an amount equal to the condemnation award, less relocation costs for the sign that would have been paid by the department if the sign had been relocated rather than condemned.
