AN ACT to repeal 91.02 (2) (o) and 91.84 (2); to amend 91.84 (1) (a), 91.84 (4) and 91.84 (5); and to create 91.84 (1m) and 91.84 (2m) of the statutes; relating to: designation, modification, and termination of agricultural enterprise areas.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Agriculture, Trade and Consumer Protection (DATCP) administers the Farmland Preservation Program, which contains some of the requirements that a farmer must meet to qualify for the farmland preservation tax credit. Under current law, one requirement for qualifying for the tax credit is that the farmland must either be in a farmland preservation zoning district or be covered by a farmland preservation agreement executed by DATCP. Current law prohibits DATCP from entering into new farmland preservation agreements unless the farmland is in an agricultural enterprise area targeted for agricultural preservation and development. Under current law, DATCP designates agricultural enterprise areas by rule. The law allows DATCP to use emergency rule-making procedures to designate agricultural enterprise areas.

Under this bill, DATCP designates agricultural enterprise areas by order, rather than by rule.
